FDD Abstract of

1951 PRODUCTION STATISTICS COMPILED BY THE MAIN ADMINISTRATION FOR METALLURGY (20 pp;
German; undated)

25X1X

25X1X

This document consists of two copies (one of which comprises 8 handwritten pages, and the other comprises 12 original typewritten pages) of a series of tables, compiled by the Main Administration for Metallurgy, Ministry of Heavy Industry, which give statistics on planned and actual production for the period 1 - 31 October 1951, as follows:

1) Three tables: one reports on the Department for Ore-Mining, one on the Department for the Iron Industry, and the third on the Department for the Metals Industry. Each of the tables is arranged according to the same format, and information is given under the following headings: a) type of ore or product; there is a breakdown under this column of the individual mines, foundries, metallurgical plants, etc., engaged in the production of the specified item; b) unit of quantity (tons); c) planned production quota and actual fulfillment (in tons) for the report period (1 - 31 October 1951); percentage fulfillment of the October 1951 quota; d) planned 1951 production quota, planned quota from 1 January - 31 October 1951, and actual fulfillment ~~1951 production quota~~ from 1 January - 31 October 1951 (in tons); percentage fulfillment of the 1951 quota and of the quota for the period 1 January - 31 October 1951.

2) One table which gives figures on the deliveries made by the Department for the Iron Industry to the SAG's (Soviet Corporations) during the period 1 - 31 October 1951. Information is given under the following headings: a) type of product; b) unit of quantity (tons); c) for each product listed, the names of the people-owned plants responsible for making deliveries to the SAG's; d) delivery quota (in tons), according to the orders received from 1 January 1951 to the end of the report period; e) deliveries (in tons) made between 1 January - 31 October 1951; f) remarks.
